

METAL AND COMPOSITE
 Rectangular backshells and accessories
 The world's largest *tooled* selection

METAL AND COMPOSITE
**Rectangular backshells
 and accessories**

Proven performance backshells and accessories for rectangular connectors

Glenair offers more tested and tooled rectangular interconnect products—including the world's broadest range of rectangular backshells—than any other supplier in the industry. Simply put, from the smallest Micro-D subminiature to the largest ARINC 600, Glenair has an unparalleled range of solutions. Need something light and corrosion free? Glenair is the industry leader in tooled composite thermoplastic connector accessories.

QWIKSNAP™

Glenair has developed an extensive range of lightweight QwikSnap™ backshells that completely eliminate assembly hardware in split-shell backshells. QwikSnap™ utilizes innovative composite spring latch technology to reduce weight, FOD, and accelerate assembly.

- All forms of environmental, mechanical and EMC backshells
- Straight, 45° and 90° cable routing
- High-temp composite thermoplastic and metal shell versions
- To fit all current and legacy rectangular connectors
- Innovative split-shell versions for easy access to wire terminations
- Equally large range of protective covers and caps
- Thousands of part numbers in stock and ready for immediate shipment

MICRO-D AND NANOMINIATURE BACKSHELLS AND CONNECTOR ACCESSORIES

Composite Micro-D banding backshell Plastic caps and covers for safe shipment and storage of connectorized devices Micro-D backshell with elliptical banding platform Metal Micro-D banding backshell
 Split-shell backshell Environmental protective covers for Micro-D connectors Conductive rubber covers

M24308 D-SUB SOLUTIONS: HIGH PERFORMANCE, RUGGEDIZED D-SUBMINIATURE PRODUCTS
