

Series 80 Mighty Mouse New Size #8 Contact Arrangements

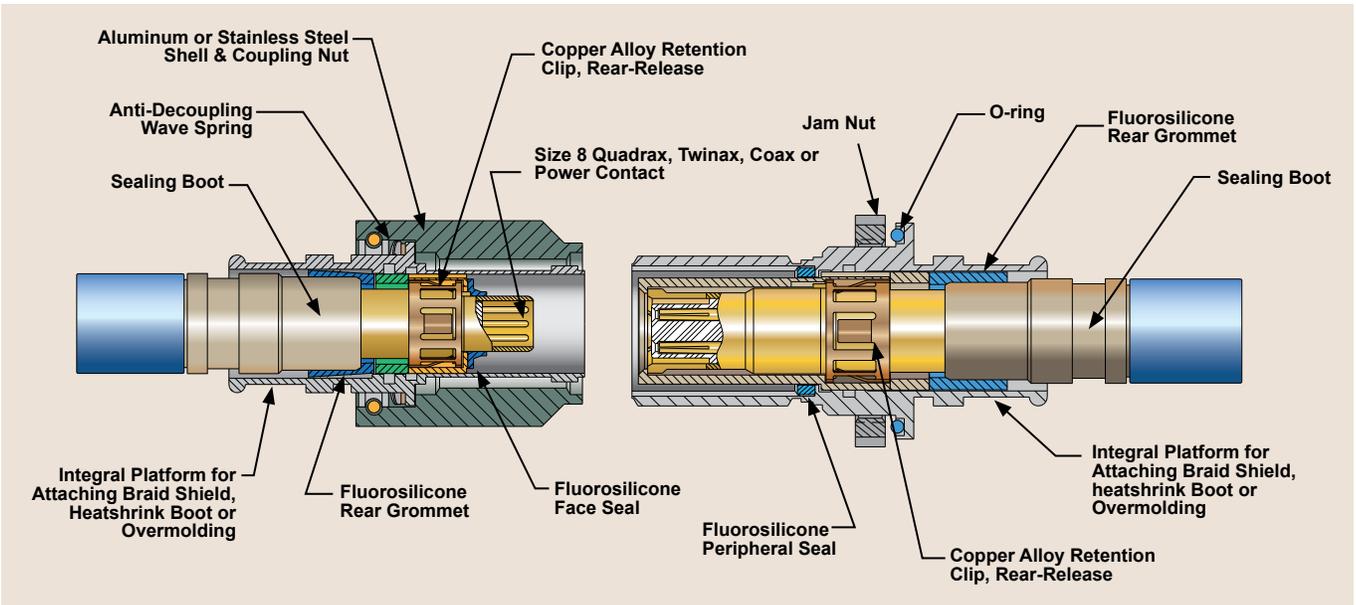

Quadrax

Now available – Mighty Mouse connectors with industry-standard size 8 Quadrax contacts

New Mighty Mouse connectors have size #8 snap-in, rear-release contacts for power and data applications. Available with 1, 2, 3, 4 or 5 contacts, these connectors meet the need for a low-profile, lightweight connector compatible with size #8 twinax, quadrax and coax contacts used in MIL-DTL-38999 connectors. Quadrax contacts are 100 ohm impedance for Ethernet applications.

- Size #8 contacts
- 1, 2, 3, 4 or 5 contacts
- Snap-in, rear-release
- Quadrax or Differential Twinax contacts
- Lightweight, low profile
- Series 801 (double-start) and 805 (triple-start) Mighty Mouse connectors
